Miami County Public Health COVID-19 Update

Miami County - Miami County Public Health is issuing an update on the COVID-19 in Miami County.

As of today, Wednesday April 1, 2020, Miami County is reporting 64 positive COVID-19 cases in Miami County. Of these cases, 34 are female and 30 male.

MCPH continues to receive questions and concerns about how to stay safe in the workplace and at home if you or others around you are sick. The Center for Disease Control and Prevention and the Ohio Department of Health, have various resources available for both individuals and employers. First and foremost, if you are sick or have any COVID-19 symptoms, please stay home and contact your health care provider. COVID-19 symptoms can include:

Fever (100.4 or higher)

Dry Cough

Tiredness

Body Aches

Governor DeWine and the Ohio Department of Health Director, Dr. Acton, are advising that there will be an increase in positive COVID-19 cases over the coming weeks. It is important that everyone continue to stay at home and follow social distancing guidelines.

MCPH will continue to inform the community on new positive COVID-19 cases in Miami County, as well as updated information and guidance.
