For Immediate release

### Miami County Public Health COVID-19 Update

**Miami County** – Miami County remains at a Red #3 COVID-19 risk level. This Red #3 COVID-19 Risk Level is due to Miami County meeting the criteria for 3 of the 7 Alert Indicators and continues to be listed as a High Incidence Area:

- 50+ cases /100,000 population within last 2 weeks
- More than 50% of new cases are from non-congregate care living
- COVID-like Emergency Department Trajectory increase over a 5-day period

This risk level indicates very high exposure and spread of COVID-19. It is advised that community members limit activities as much as possible and follow all current health orders. Limit events over ten people and non-essential activities as much as possible. Miami County will stay at a Red level #3 until we are no longer in the high incidence category.

For more information on the Public Health Advisory System visit:

Since February 12<sup>th</sup>, 2021, there have been 205 new cases which brings the total number of COVID-19 cases in Miami County to 9984, 507 hospitalizations, and 9462 presumed recovered.

Next week, Miami County Public Health will continue providing both 1<sup>st</sup> and 2<sup>nd</sup> doses of the COVID-19 vaccine to community members in groups 1A and 1B. Registration for the MCPH COVID-19 vaccination clinic will open on Monday, March 1<sup>st</sup>, 2021 at 9:00am for that week's clinic. The clinic is by appointment only. Appointments can be scheduled by calling the COVID-19 Vaccine hotline or registering online. Appointments do fill up quick, but community members are encouraged to use other providers in the county.

MIAMI COUNTY  
**Public Health**

**Prevent. Promote. Protect.**

For more information visit the Miami County Public Health website at:  
<https://www.miamicountyhealth.net>. MCPH will continue to keep the community safe and informed as the COVID-19 situation continues to evolve in Miami County.
