For Immediate Release

Miami County Public Health COVID-19 Update

Miami County- Miami County remains at a Red #3 COVID-19 risk level. This Red #3 COVID-19 Risk Level is due to Miami County meeting the criteria for three of the seven Alert Indicators and continues to be listed as a High Incidence Area:

- 50+ cases /100,000 population within last two weeks
- More than 50% of new cases are from non-congregate care living
- COVID-like Out-Patient Visit Trajectory increase over a 5-day period

This risk level indicates very high exposure and spread of COVID-19. It is advised that community members limit activities as much as possible and follow all current health orders. Limit events over ten people and non-essential activities as much as possible. Miami County will stay at a Red level #3 until we are no longer in the high incidence category.

For more information on the Public Health Advisory System visit:

<https://coronavirus.ohio.gov/wps/portal/gov/covid-19/public-health-advisory-system/>

Since March 5th, 2021, there have been 141 new cases which brings the total number of COVID-19 cases in Miami County to 10196, 523 hospitalizations, and 9775 presumed recovered.

Next week, Miami County Public Health will continue COVID-19 vaccination efforts. Those eligible for a vaccine include phases 1A, 1B, 1C, 1D, 1E, 2A, 2B, and 2C. For information on the different phases/categories visit: <https://coronavirus.ohio.gov/wps/portal/gov/covid-19/covid-19-vaccination-program/covid-19-vaccination-program>. Registration for next week's COVID-19 vaccine clinics is currently open. Individuals can register for an appointment online or call in on the MPCH COVID-19 Vaccine hotline.
