

PRIVATE WATER SYSTEM SAMPLING

Water Sampling Procedures

- The Health District takes samples on Monday and Wednesday
- Complete the attached Water Sample Request form.
- Submit the form and payment to the Health District by 3:00 PM day before your requested sampling date (contact information is at the top of this sheet).
- For bacteria, nitrate, nitrite, and fluoride water tests: a sanitarian will come to your home during testing days/times.
- For lead water tests: read the Lead Sampling Procedure document.
- You do not need to be home for the water sample collection – the sample can be taken from an outside water spigot. Please remove all hoses from spigots.
- **If you would like to be home for the sample, please call the Health District at 937-573-3504 on the morning of your sample collection between 8:00 and 9:00 AM.**
- Make sure all pets/animals are secured inside the home. If unsecured pets/animals are on the property, a sample will NOT be taken.

Common Water Sampling Tests

- Bacteria (coliform bacteria and *E. coli*) ~ United States Environmental Protection Agency recognized primary indicator of the bacterial safety of water.
- Nitrate nitrite analysis ~ USEPA indicator of fertilizer and wastewater (both human and animal) in well water.
- Fluoride ~ naturally occurring material that is added to many city water supplies to deter tooth decay.
- Lead ~ potentially harmful metal that can be present in older water systems.
- Many other tests are available from EPA-certified labs. For a list of labs, please read the Water Testing Labs document.

Water Sampling Fees

- We accept cash, credit cards, and checks.
- Transportation/handling fee for sampling: \$35.00
- Bacteria: \$35.00
- Nitrate analysis: \$12.00
- Nitrite analysis: \$12.00
- Fluoride: \$12.00
- Lead: \$10.00

Example

Let's say you want a bacteria and nitrate analysis. That would be \$35.00 for bacteria, \$12.00 for nitrate, and \$35.00 for transportation/handling (one fee) for a total of \$82.00.

Note: If you have paid for a new well or alteration permit, you will receive one water samples at no additional charge – however, you MUST call the Health District to schedule the sample.
